Another example, she was going to leave and shut the site down I did not approve her leaving until there was coverage

Hey Fiona,

I am just wondering if it would be ok with you , if just for today I could take a 30 minute lunch and put a note on the door , I have been dealing with the dentist dr somoni on hayes here at 19 mile because he filled the tooth that was causing problems however when he gave me a shot he hit a major nerve and got my jaw bone and the pain has been incredible , so he wants to take a look a quick look at what is going on, they are aware that I need to be out of there in 20 minutes so I will be back ion time, I need this pain to stop asap. Thanks for considering this request, I would truly appreciate it, Thank you !!
